Opis produktu

In the beginning, the man and the woman were perfect. God gave them His divine spirit, purity of soul and eternal bodies. Death, sickness and disease did not exist. They were wonderfully made and placed in the Garden of Eden where their every need was provided for. God clothed them in His glory and granted them dominion over all the Earth and authority over all living creatures so that they may enjoy and care for His amazing creations. God's Holy Spirit was with them. Choice was bestowed on the man and the woman and He placed them higher than His angels.

They were second only to God Himself and they were his children. Every evening, God would walk and fellowship with them in the garden until that day when sin entered the world, along with pain and suffering, death and disease. Because of his sin man relinquished his authority over the Earth and our divine connection to God was broken. But God, in His eternal love and mercy for us, granted to all mankind reconnection through Jesus Christ.

Because God loved man so much, He sacrificed His only Son so we may receive His divine spirit that protects and heals both body and soul from sickness and disease. The spirit of God is ours for the asking from the time we take our first step in accepting the sacrifice of Jesus Christ, thereafter to live in faith until the end of our earthly journey.

In this book I put into words my healing journey from the pit of despair to a place of peace, joy and well being. My search for truth and forgiveness in a confused world of greed and carnal desires, in this earthly cosmos of chaos, has taken me to the other side of the world and back. I trust that my experience and the path that I have chosen will encourage you to seek the truth that brings God's divine healing to your spirit, soul and body as it did for me. Because God is there for all of us, I deeply believe that your sickness or disease will also become a thing of the past.

Your quest for maximum healing will require some soul searching to discover the true spiritual source of your sickness or disease. Everyone's journey will be different but your spiritual cure will come from the same source of love, forgiveness and grace. I encourage you to read Maximum Healing and begin your journey of recovery today. Your starting position may not be the same as mine and your path will take many turns. However, I believe you will find hope and destiny in God's word and in His healing power that is already in you.
