Opis produktu

The **Good News Bible (GNB)**, also called the **Good News Translation (GNT)**, is an English language translation of the Bible by the American Bible Society, first published as the New Testament under the name *Good News for Modern Man* in 1966. It was anglicized into British English by the British and Foreign Bible Society with the use of metric measurements for the Commonwealth market. It was formerly known as **Today's English Version (TEV)**, but in 2001 was renamed the *Good News Translation* because of misconceptions that it was merely a paraphrase and not a genuine translation. Despite the official terminology, it is still often referred to as the Good News Bible in America as well as elsewhere.
